MichaelCummins doesn't have any repositories you can view.

0 contributions in the last year Contribution settings

Summary of pull requests, issues opened, and commits. Learn how we count contributions. Less More
This is your **contribution graph**. When you make a commit to a repository, you'll get a  for that day. Make more contributions and you'll get a darker green square. Over time, your chart might start looking something like this.
We have a quick guide that will show you how to create your first repository. You'll also make a commit and earn your first green square!

Quick setup — if you've done this kind of thing before

Set up in Desktop or HTTPS SSH <https://github.com/MichaelCummins/cmpt220Cummins.git>

We recommend every repository include a README, LICENSE, and .gitignore.

...or create a new repository on the command line

```
echo "# cmpt220Cummins" >> README.md
git init
git add README.md
git commit -m "first commit"
git remote add origin https://github.com/MichaelCummins/cmpt220Cummins.git
git push -u origin master
```

...or push an existing repository from the command line

```
git remote add origin https://github.com/MichaelCummins/cmpt220Cummins.git
git push -u origin master
```

...or import code from another repository

You can initialize this repository with code from a Subversion, Mercurial, or TFS project.
